

LPI
Andrus Press Release/Letter v3
April 24, 2009

For Immediate Release

(CHICAGO, April 24, 2009) - Lincoln Park Institute for Oral, Facial and Cosmetic Surgery (LPI) is pleased to announce that Kevin M. Andrus, DDS, an oral, maxillofacial and implant surgeon, will join the practice on May 1, 2009. Dr. Andrus served at another Chicago practice before moving to LPI.

When asked about Dr. Andrus joining LPI, co-founder Dr. Marvin Greene stated that, "Kevin's superlative surgical and diagnostic skills, along with his compassionate demeanor and pursuit of excellence, will be a huge asset to the growing demands of our practice." Co-founder Dr. David H. Hanson added, "He'll fit in perfectly with our practice's dynamic and will allow us to expand our reach of patient care. Most immediately, patients will notice that they don't have to wait for an appointment. This will be an enormous benefit and convenience to them and to referring doctors."

Dr. Andrus is a Diplomate of the American Board of Oral & Maxillofacial Surgery. He graduated from the University of Detroit Mercy School of Dentistry in 2002 and received specialty training in oral, facial and implant surgery during his residency at the University of Illinois at Chicago Medical Center. Dr. Andrus also received extensive training in the administration of general anesthesia and intravenous sedation.

Dr. Andrus is a clinical instructor of surgery at the Northwestern University Feinberg School of Medicine and maintains medical staff privileges at Northwestern Memorial Hospital and Children's Memorial Hospital of Chicago. He is a Fellow in the American Association of Oral & Maxillofacial Surgeons and a member of the Illinois Society of Oral & Maxillofacial Surgeons, American Dental Association, Illinois State Dental Association and the Chicago Dental Society.

"It's an honor to join a practice as reputable and progressive as the Lincoln Park Institute. I'm excited to work with Dr. Greene and Dr. Hanson both of whom are outstanding surgeons who practice the full scope of contemporary oral and maxillofacial surgery," stated Andrus.

LPI was established in 1997 and is located in a beautifully renovated, 6,000-square-foot, circa 1880s building. It was the first oral and maxillofacial surgery practice in Chicago to be accredited under JCAHO's office-base surgery accreditation program. LPI is also home to Chicago's first i-CAT[®] Cone Beam 3-D Imaging System. It's available to other practices as a standalone offering. In addition to LPI's full array of oral and maxillofacial services, they also offer a wide variety of surgical and non-surgical cosmetic procedures.
